

# *Celebrate the Life*

When the charities office receives an in memory donation, we establish a "Celebrate the life" fund straight away. Although we record details of the amounts given we will not disclose the details of individual donations. We usually write to supporters to tell them about the fund a few months after the first donations have been received and offer to send them further information if they wish it.

You can establish or contribute to a fund by calling the charities office on 0161 727 2217 or by filling in the form below and returning it to the

Baby George Sherliker

**In memory donations  
supporting Pendlebury and  
Booth Hall Children's Hospitals**

Baby George Sherliker was diagnosed with cancer when he was 11 months old and sadly died just a few weeks later. His parents Melanie Wareing and Martin Sherliker wanted to help other children at the children's hospitals and have raised much needed funds for leukaemia research at Pendlebury where George was treated.

**Martin and friends took part in the Three Peaks Challenge and raised nearly £8000**

*"My wife always supported the children's hospitals. Now I like to send a donation each year on our wedding anniversary and her birthday. She would have loved that."*

*Celebrate  
the Life*

Last year the children's hospitals in Manchester received nearly £75,000 from donations given in memory of a relative or loved one. Some gifts celebrated the lives of patients at our hospitals; others were made because the person they remembered had supported the hospitals in their lifetime. Together these gifts made a world of difference to our young patients; individually they create something positive out of a personal sadness. "Celebrate the Life" funds for Booth Hall and Pendlebury Children's Hospitals are the special individual record we keep of donations made in memory. We do this because some people like to continue to remember a special anniversary with a donation or become actively involved in fundraising for the hospitals and often family and friends ask how much has been donated in memory of their loved one.

*My daughter's "Celebrate the Life" fund has contributed over £500 directly to the children's hospitals and each year it will grow. It is a lasting tribute that family and friends can make."*
